BRAIN INJURY

Contents of Volume 9 1995

Volume 9, Number 1, January 1995

Contents

Original Papers:

A profile of outcome: 2 years after traumatic brain injury
J. L. Ponsford, J. H. Olver and C. Curran 1

Prediction of employment status 2 years after traumatic brain injury
J. L. Ponsford, J. H. Olver, C. Curran and K. Ng 11

Late-onset post-concussion symptoms after mild brain injury: the role of premorbid, injury-related, environmental, and personality factors
P. Karzmark, K. Hall and J. Englander 21

Late neurobehavioural symptoms after mild head injury
N. I. Bohnen, J. Jolles, A. Twijnstra, R. Mellink and G. Wijnen 27

Qualitative aspects of malingered memory deficits
Grant L. Iverson 35

Alteration of carbamazepine pharmacokinetics in patients with traumatic brain injury
M. P. Rivey, D. R. Allington, J. D. Stone and M. L. Serfoss 41

N of 1 study: amantadine for the amotivational syndrome in a patient with traumatic brain injury
R. van Reekum, M. Bayley, S. Garner, I. M. Burke, S. Fawcett, A. Hart and W. Thompson 49

The neuropsychological spectrum in traumatically head-injured persons
W. Reimer, K. van Patten, D. I. Templer, B. Schuyler, A. Gross and A. Yanovsky 55

Electrodermal response and outcome from severe brain injury
Lyn S. Turkstra 61

Review:

Psychosocial and emotional sequelae of individuals with traumatic brain injury: a literature review and recommendations
M. V. Morton and P. Wehman 81

New management concept:

Social competence and head injury: a new emphasis
William McGann and Gerry Werven 93

Case report:
A case of experiential hallucinations of unknown origins, or the mystery of the mime
Giampiero Bartolucci and John Berry 103

Volume 9, Number 2, February–March 1995

Original Papers:
Cognitive moderators of outcome following traumatic brain injury: a conceptual model and implications for rehabilitation
A. D. Moore and M. Stambrook 109

Self-concept, marital vulnerability and brain damage
S. Kravetz, Y. Gross, B. Weiler, M. Ben-Yakar, M. Tadir and M. J. Stern 131

Self-reported social networks and interpersonal support 2 years after severe traumatic brain injury
A. Finset, S. Dymes, J. M. Krogstad and J. Berstad 141

Perseveration. Part I: a review
G. Hotz and N. Helm-Estabrooks 151

Perseveration. Part II: a study of perseveration in closed-head injury
G. Hotz and N. Helm-Estabrooks 161

Developmental models of social cognition in assessing the role of family stress in relatives' predictions following traumatic brain injury
M. C. Mintz, K. R. Van Horn and M. J. Levine 173

Head injuries in the elderly
A. Rakier, J. N. Guilburd, J. F. Soustiel, M. Zaaroor and M. Feinsod 187

Subpopulations in closed-head injury: preliminary results
P. Coppens 195

Book reviews 209

Volume 9, Number 3, April 1995

Original Papers:
Head injury as a risk factor in Alzheimer's disease
D. X. Rasmusson, J. Brandt, D. B. Martin and M. F. Folstein 213

A programme of intervention for substance abuse following traumatic brain injury
J. D. Corrigan, G. L. Lamb-Hart and E. Rust 221

A physiological analysis of articulatory dysfunction in dysarthric speakers following severe closed-head injury
D. G. Theodoros, B. E. Murdoch and P. Stokes 237

The 'dice' game: a new test of pragmatic language skills after closed-head injury
S. McDonald and S. Pearce 255

Awareness of memory loss after severe closed-head injury
C. Boake, J. C. Freeland, G. M. Ringholz, M. L. Nance and K. E. Edwards 273

Recovery of function following severe traumatic brain injury: a retrospective 10-year follow-up
R. J. Sbordone, J. C. Liter and P. Pettler-Jennings 285

Aspects of the workplace and return to work for persons with brain injury in supported employment
M. D. West 301

Community re-entry of long-term institutionalized brain-injured persons
K. R. Bell and C. A. Tallman 315

Volume 9, Number 4, May–June 1995

Original Papers:
Evaluating social skills following traumatic brain injury: the BRISS as a clinical tool
S. Flanagan, S. McDonald and L. Togher 321

The disablement experienced by traumatically brain-injured adults living in the community
D. R. Dawson and M. Chipman 339

Establishing standards for the provision of brain injury services
A. Moseley and W. Rotem 355

Persistent vegetative state: which sensory-motor variables should the physiotherapist measure?
M. Pilon, S. J. Sullivan and J. Coulombe 365

Extent of cognitive decline in traumatic brain injury based on estimates of premorbid intelligence
B. Johnstone, C. L. Hexum and G. Ashkanazi 377

The impact of brain injury on family functioning: implications for subacute rehabilitation programmes
A. D. Gleckman and S. Brill 385

Performance data for traumatic brain-injured subjects on the Gordon Diagnostic System (GDS) tests of attention
J. S. Burg, R. G. Burright and P. J. Donovick 395

Mild traumatic brain injury does not produce post-traumatic stress disorder
R. J. Sbordone and J. C. Liter 405

Case report:
Deep venous thrombosis in the spastic upper limb
E. R. Beck and K. R. Bell 413

Review of subject:
Classification of the spectrum of mild traumatic brain injury
P. C. Esselman and J. M. Uomoto 417

Announcement 425

Volume 9, Number 5, July 1995

Original Papers:
Neurobehavioural dysfunction following mild traumatic brain injury in childhood: a case report with positive findings on positron emission tomography (PET)
M. A. Roberts, F. F. Manshadi, D. L. Bushnell and M. E. Hines 427

The Head Injury Severity Scale (HISS): a practical classification of closed-head injury
S. C. Stein and C. Spettell 437

Balance abilities in individuals with moderate and severe traumatic brain injury
R. A. Newton 445

A multi-factor account of disability after brain injury: implications for neuropsychological counselling
G. K. Montgomery 453

Impairments of discourse abilities and executive functions in traumatically brain-injured adults
C. A. Coelho, B. Z. Liles and R. J. Duffy 471

Dimensions of neurobehavioural dysfunction: cross-validation using a head-injured sample
J. M. Hamilton, M. A. J. Finlayson and D. P. Alfano 479

Sinemet and brain injury: functional versus statistical change and suggestions for future research designs
A. P. Wolf and A. D. Gleckman 487

Team development and memory training in traumatic brain injury rehabilitation: two birds with one stone
A. Finset, J. M. Krogstad, H. Hansen, J. Berstad, D. Haarberg, G. Kristansen, K. Sæther and M. D. Wang 495

Verbal learning and memory impairment in adult civilians following penetrating missile wounds
S. R. Millis and J. H. Ricker 509

Traumatic brain injury: factors predicting return to work or school
R. Y. Ip, J. Dornan and C. Schentag 517

Commentary:
The psychological, political, and economic realities of brain injury rehabilitation in the 1990s
J. E. Leri 533

Volume 9, Number 6, August–September 1995

Original Papers:

The evolution of the clinician–scientist model of neurological rehabilitation
M. D. Peters and A. McLean, Jr 543

Post-concussion syndrome and the coping hypothesis
N. V. Marsh and M. D. Smith 553

Analysis of demographic and functional subacute (transitional) rehabilitation data
W. P. Hedrick, H. L. Pickelman and W. Walker 563

Depression among the head-injured and non-head-injured: a discriminant analysis
M. S. Aloia, C. J. Long and J. B. Allen 575

Behavioural training during acute brain trauma rehabilitation: an empirical case study
K. J. Slifer, M. D. Cataldo and P. F. Kurtz 585

The long-term outcome of head injury: implications for service planning
A. Tennant, N. Macdermott and D. Neary 595

Coping and psychosocial function after brain injury
K. Malia, G. Powell and S. Torode 607

Reality orientation training in an amnesic: a controlled single-case study ($n = 572$ days)
R. Kaschel, H. Zaiser-Kaschel, A. Shiel and K. Mayer 619

Brain injury without head injury after multiple trauma
S. Bavetta, C. C. Nimmon, K. E. Britton and R. J. Greenwood 635

Review of subject:

Recent advances in the neuropsychology of human olfaction and anosmia
T. E. Sullivan, B. K. Schefft, J. S. Warm, W. N. Dember, M. W. O'Dell and S. J. Peterson 641

Announcements 647

Volume 9, Number 7, October 1995

Original Papers:

The effectiveness of traumatic brain injury rehabilitation: a review
D. N. Cope 649

Variability in the perceptual and physiological features of dysarthria following severe closed head injury: an examination of five cases
D. G. Theodoros, B. E. Murdoch and P. D. Stokes 671

Personality and psychosocial function after brain injury
K. Malia, G. Powell and S. Torode 697

Neuropsychological problems in everyday life: a 5-year follow-up study of young severely closed-head-injured patients
T. Kaitaro, S. Koskinen and M.-L. Kaipio 713

Case study:
Protracted post-traumatic confusional state treated with physostigmine
P. Eames and A. Sutton 729

Review of subject:
Models of brain injury rehabilitation
D. C. Burke 735

New concepts:
Neurolaw: towards a new medical jurisprudence
J. Sherrod Taylor 745

Software review 753

Announcement 755

Volume 9, Number 8, November–December 1995

Original Papers:
Interrelationships between crime, substance abuse, and aggressive behaviours among persons with traumatic brain injury
J. S. Kreutzer, J. Harris Marwitz and A. D. Witol 757

Impersistent execution of saccadic eye movements after traumatic brain injury
I. Glass, Z. Groswasser and I. Groswasser-Reider 769

Dysnomia following traumatic brain injury: an information-processing approach to assessment
C. Kerr 777

Diadochokinetic rate in persons with traumatic brain injury
J. Blumberger, S. J. Sullivan and N. Clément 797

Trigeminal and auditory evoked responses in minor head injuries and post-concussion syndrome
J. F. Soustiel, H. Hafner, A. V. Chistyakov, A. Barzilai and M. Feinsod 805

Transient global amnesia and cerebral infarct: a case report
R. Raffaele, C. Tomali, A. A. Genazzani, I. Vecchio and L. Rampello 815

Obituary 819
